

Electronics

Center of Excellence for Electronics

Among our broad product range, Incora™ offers a focused line card representing top manufacturers of high performance electronic components.

Our Center of Excellence for electronics, located in Wichita, KS, handles warehousing, quality management, administration, and value added assemblies for customers worldwide.

Value Add & Supply Chain Solutions

- Assemblies for connectors and lighted switches
- Extensive inventory available
- Same day processing for out-of-stock requirements
- Dock to Stock
- Electronic Data Interchange (EDI)
- RFID packaging labels
- Custom barcodes and packaging
- Re-spooling of wire and cable products
- Ease and convenience of Center of Excellence for electronics

Focus on Quality

- AS9120, AS9100, ISO 9001
- RoHS and ITAR compliant
- Full traceability

incora™
